Discipline Training

Adventure-based training programmes organized by the Navigator Ltd and Student Services Centre of Po Leung Kuk were provided to F3, F4 and F6 classes. Higher level of learning motivation, stronger class cohesiveness and better sense of belonging were obviously demonstrated right after the camp. Most students regarded this activity as memorable experience. Most teachers considered this function as worthwhile and follow up work was been done by class teachers concerned.

The programme will be made spiral curriculum for F3, F4 & F6. Footdrill training has been offered to F1 and F2 students.

Leadership Training

The programme was well accepted as good induction for prefects and house leaders. Content related to assertiveness and communication skills is regarded as beneficial to students’ personal and social development.

Remedial Training for English and Bridging Programmes for Mathematics and English

Bridging programmes containing Putonghua and English phonetics and usage revision are good practices to be continued in the coming future. Such preparatory courses better prepare P6 students for F1 Chinese which is taught in Putonghua and subjects taught in EMI.

Remedial programmes for English, Chinese and Mathematics can batch up foundations among the low achievers.

Enhancement language programmes focusing on lively presentation skills, interactive communication skills and creative writing conducted by NET teachers from external English centre can elevate standards of the high achievers.

Teaching Assistant for Information Technology Section

The Teaching Assistant recruited has provided support and assistance services in Computer Literacy lessons for F1 to F3. She also helps train students for external I.T. competitions, operate school WebSAMS system and design school promotion publications.
